South Beach Parking Lot - \$30 monthly

Beach Bench advertising is one of the most economical way to promote your business on Tybee Island. We can place your advertisement on one of the benches that line Hwy 80 and Butler Ave. or in the south beach parking lot. Most of the benches around the island are hand painted by local artist and sign painter Leonard the Sandman. Painting cost around \$70. An additional option is printed vinyl which cost around \$150, but offers better detail for photos and logos.
